

Meet Tina Jones™, Your Digital Standardized Patient™

Shadow Health

Faculty Benefits

Saves Time

Unlike human actors, Tina Jones does not require any special training before interacting with students. She is ready to go anytime, anywhere there is an internet connection.

Immediate Student Performance Data

Individual as well as class performance reports are provided throughout the nine modules, making it easier to effectively assess your students.

Seamless Integration with Your Existing Syllabus

The Digital Clinical Experience™ modules correspond with national curricula for Health Assessment courses.

BSN Student Benefits

- Promote effective communication
- Develop clinical reasoning skills
- Discover and document health history and physical exam findings
- Improve bedside manner and decrease anxiety with future patients
- Integrate history, physical exam findings, and lab results to develop care plans
- Practice patient safety and infection control within each module

MSN Student Benefits

- Develop diagnostic reasoning skills
- Practice taking a psychosocial and health history to improve communication skills
- Increase empathy and decrease anxiety with future patients
- Perform a comprehensive physical exam
- Gain experience identifying normal and abnormal findings
- Integrate health history, physical exam findings, and lab results into differential diagnoses and treatment plans
